The GREAT 1976 SWINE-FLU CAPER

WE KNOW THEY LIED—BUT WHY?

DID THE U.S. GOVERNMENT DELIBERATELY INJECT DISEASE TOXINS INTO THE BLOODSTREAM OF MILLIONS OF ELDERLY AND ILL CITIZENS?

HAS THIS BEEN AN ATTACK ON OUR FELLOW AMERICAN CITIZENS WITH INTENT TO MAIM AND MURDER?

A PLAN FOR "MASS MURDER?"

Dr. Archie Kalokerinos, a noted Australian physician with extensive experience with flu vaccines in Australia, told an audience of doctors in Los Angeles in September of 1976 that the U.S. Government's swine flu immunization program was "A plan for mass murder." Dr. Kalokerinos had written a book on his findings in Australia that flu vaccine was killing half the babies in his district!

THE STRANGE CASE OF DR. MORRIS

Dr. J. Anthony Morris, the government's most experienced flu researcher has said, "The swine flu is not contagious and is not a killer." He warned that the vaccine could induce greater diseases and, "We can predict that more and more tragedies related to the vaccine will come to light." He called the inoculation program a "potential virulogical nightmare."

When Dr. Morris released a public warning to the Washington, D.C. newspapers in July, 1976, government agents entered his laboratory, killed all animals he used in vaccine research, destroyed the vaccine research records of him and his staff and fired him!

The government then went ahead with the mass inoculation program, lying to the American people and saying there was "No evidence the vaccine was dangerous."

For a brief picture of how well they carried out their attack on the American people, read the pages that follow:
Swine Flu Discovery ‘Earth-Shaking’

By WILLIAM HINES (c) 1976 Chicago Sun-Times

WASHINGTON — The discovery last February by Dr. Martin Goldfield of the New Jersey state health department of a new infective agent now known as the swine flu virus hit the public health profession with H-bomb force.

The discovery, in Goldfield’s words in a recent interview, “could have been absolutely nothing. However, if it were some thing we of course knew immediately that it was earth-shaking.”

It was earth-shaking because (Goldfield again) “we have never before in world history documented a single finite population that was circulating two radically different strains of influenza A.”

A new “A” strain of flu in a previously uninfected population usually spells trouble. No one knew what a new strain in a population already infected by A-type flu might spell because this had never been seen before.

Various laboratories using new techniques quickly confirmed Goldfield’s “dramatic development.”

A-type viruses invariably have a way of causing worldwide superepidemics called pandemics and..."}

No Known Vaccine Available To Halt the Deadly Menace

World Is on Brink Of Killer Flu Epidemic!

By PAUL SMALL

A flu virus that normally affects hogs may now be endangering millions of people beginning next fall, scientists worldwide are rushing to find a vaccine to halt the possible outbreak. So far they have failed.

The virus is very much like the one that caused a worldwide flu epidemic in 1918. Twenty million people died, 500,000 of them in the U.S. It was called the Spanish flu and it caused more than 100,000 deaths in the U.S. during the past few months.

However, if it were similar to the 1918 flu virus, it could have been absolutely nothing.

In February, it was discovered in Fort Dix, N.J., called swine flu virus because it usually strikes only hogs. Public health authorities have alerted the World Health Organization to the danger. That group has ordered its laboratories all over the world to be on the lookout for the virus.

The HUNT for a vaccine bag top priority. If an outbreak occurs, it will strike U.S. shores next year. There are only a few months left to find a vaccine that may save millions from a new pandemic.

Drug manufacturers are already at work on two types of flu vaccine when word came from the government about the swine virus. The vaccines are effective against the Hong Kong-type flu, but not the swine strain.

The sudden appearance of the swine virus has caused a drastic switching of priorities. Health officials must decide whether to spend the available money and research into finding a cure and preventive for the swine virus-caused flu or stick with the Hong Kong strain.

Drug manufacturers already were at work on the Hong Kong strain.

Drug manufacturers already were at work on the Hong Kong strain.

The vaccine to halt the possible outbreak still has proved so powerful that thirty million people fell ill—one of every three Americans.

Drug manufacturers already were at work on the Hong Kong strain.

THE DEADLIEST epidemics hit much harder at young adults than normal outbreaks, which generally take the biggest toll among infants, toddlers, and old people.

In 1918, the rate of flu among people aged 30 to 40 was twice as high as in other age groups. It was coming to America. Many victims in Europe died because their bodies already were weak as a result of the deprivations of war. It was almost all lies..."
AFTER THE PROGRAM WAS UNDER WAY, THEY SCARED THEM INTO THINKING THERE MIGHT NOT BE ENOUGH VACCINE TO GO AROUND. FRIGHTENED PEOPLE LINED UP BY THE MILLIONS!!

BELOW ARE JUST TWO EXAMPLES OF THE "SCARCITY" PROPAGANDA USED ALL OVER THE U.S.

Swine Flu Immunizations Begin

Vaccine’s Availability Will Be Limited at First

BY HARRY NELSON
Times Medical Writer

The long-delayed swine flu immunization program finally got underway Friday—but only for a limited number of persons.

Dr. Sheridan Weinstein, the top Public Health Service physician in the Pacific area, and a group of high-risk patients at the Wadsworth Veterans Administration Hospital in Los Angeles were the first to receive the shots.

 "I believe we're losing our cases...I think they've been lied to...I think the public is being lied to."

Dr. Ernest C. Herrmann, Jr., professor of microbiology at the University of Illinois: “We have a vaccine which NO

ONE CAN BACK UP AS SAFE.” Dr. Herrmann, speaking of the U.S. officials in H.E.W.: “They’ve lied from the beginning because they said it’s effective and they have no evidence of that. None of these people (in the tests) were ever infected by influenza virus—so they never proved THEY LIED TO THE PEOPLE effectiveness.”

Dr. Cyril Wecht, chief medical examiner, Allegheny County, Pa., who performed autopsies on 3 victims: “The vaccine isn’t any good...The CDC knows it, and we know it.”

Dr. J. Anthony Morris, 25 years of experience testing long-range effects of vaccines for the U.S. Bureau of Biologics: “The people who initiated the program used a man-made virus to produce the vaccine. We don’t know ANYTHING about it—yet they indiscriminately began pumping this POTENTIAL VIROLOGICAL NIGHTMARE into the arms of 40 million innocent Americans. We’re already seeing examples of what tragic things can happen as a result. Even worse, we can predict that more and more tragedies linked to this vaccine are waiting in the wings.”

(Dr. Morris was fired by the H.E.W. in July of 1976 after he issued a public warning that the vaccine was unsafe!)

Dr. Arthur Chanin, veteran Los Angeles Pediatrician, "The American Academy of Pediatrics has never recommended immunizing children routinely. The cumulative effects of repeated flu injections is not known and may not be known for decades.” After more warning of the danger of the flu vaccine, he further stated what many other
doctors have admitted, "As we in the medical practice know, the flu is NOT a killer." (Yet the U.S. officials continually released warnings that tens and perhaps hundreds of thousands could die from the swine flu--it was a deliberate lie!)

Dr. Archie Kalokerinos, Australian physician who wrote a book on how mass immunization programs in Australia killed one-half of the Aborigine babies: "Immunization can cause sudden death. They say the serum [the swine vaccine] has been tested. I say that is bunk and my beliefs are backed by companies making the drug who refuse to sell it unless the government insulates them against death and damage claims." Dr. Kalokerinos further stated that every undernourished or ill person would be especially susceptible to injury or death from the vaccine, and said inoculating individuals without a prior physical examination made the program "a plan for mass murder." (As readers know, it was exactly the old and the ill who were urged to get the shots by government and news media!)

Congressman Larry McDonald (D.-Ga.), who is a doctor: "Certain elements are trying to make this thing look like we're in imminent danger, when the truth is that no proof of swine flu being passed from person to person exists" (i.e., it is NOT contagious!).

THINK ON THIS! If the swine flu is not contagious, then the program was not needed for immunization--and if the program was not needed to save the people from swine flu--WHAT WAS THE PROGRAM FOR?

The answer, horrendous as it may sound, has to be that THE WHOLE PROGRAM WAS PLANNED AND CARRIED OUT TO GET SOMETHING ELSE IN THE BODIES OF AS MANY MILLIONS OF AMERICANS AS POSSIBLE. There is no other rational answer.

Death and paralysis of the victims proves "nerve damage," and nerve damage means BRAIN DAMAGE--and all communist governments use vaccinations to inject "mind-control" drugs into their slave populations. IS IT POSSIBLE SOMETHING LIKE THAT HAS NOW BEEN DONE TO THE 40,000,000 AMERICANS?

GOD ALMIGHTY WARNED US OF THE WICKED

God Almighty told His People in Lev. 16:17 that if they disobeyed His Laws, they that hate you shall reign over you. Jesus said in the great tribulation the antichrists would afflict and kill Christians. Is it possible the inoculation of disease is part of this fulfillment? The men and women who carried out this "hoax" are not Christians but are antichrists according to 1 John 2:18-23 and other Scriptures.

Seventy years ago there was exposed in Europe a document called "The Protocols." It set out a plan for the conquest of all nations by the Jews. One part of the plan was to bring calamities upon the nations, including "THE INOCULATION OF DISEASES." The government agencies and news sources that promoted the vaccination program with lies and panic are Jewish or Jewish-controlled—AMA, HEW, CDC, FDA, President's Cabinet, ABC, CBS, NBC, UPI, UPS, most daily newspapers, slick magazines, columnists (e.g., Ann Landers), and national news broadcasters. Many will recognize this was a planned attack on the non-Jewish population by the Jews. God warned our People in Lev. 26:17 that if we turned from His Word and His Laws, they that hate you shall reign over you. Are the Christian-haters ruling America?

May God's People, called by His Name (Christians), humble themselves, and pray, and seek His Face, and turn from their wicked ways, that He may hear from heaven, and forgive our sin, and heal our land, in Christ,
